

Marco Abdo

Front-End Developer (React.js) | Mobile Developer (React Native)

Cairo | marcoabdo20@gmail.com | +201280561318 | My portoflio | linkedin | github

About me

Front-End Developer specializing in **React.js for web applications** and **React Native for mobile development**. Passionate about building **responsive, functional, and visually appealing user interfaces**. A quick learner and team player with a strong commitment to continuous learning and professional growth. Seeking an opportunity to contribute to high-quality products and grow within a dynamic development .

Internships

Front-End & Cross-Platform Mobile Developer (ITI Graduate) Jul 2023 – Aug 2023

- Had the opportunity to intern at the Information Technology Institute (ITI), where I learned to build responsive user interfaces for both web and mobile applications using React Native.

Front-end Development Trainee - SB Technology Jul 2024 – Dec 2024

- Participate in a comprehensive training program focusing on developing web interfaces
- Gain practical experience in core skills such as HTML , CSS , Tailwind CSS , JavaScript , React JS
- Worked on multiple real-world assignments and projects, improving problem-solving abilities and teamwork.

Front-End & Cross-Platform Mobile Developer (ITI Graduate) Jul 2025 – Jan 2026

- During my training at the Information Technology Institute (ITI), I worked on various front-end and mobile development tasks using **React.js, HTML, CSS, and JavaScript**. I gained hands-on experience in building responsive user interfaces, developing dynamic web applications, and collaborating within Agile teams to deliver high-quality solutions

Projects

Dashboard Web Application – Admin Dashboard Platform (ITI Final Project) Demo

- Built a complete dashboard using **Angular** and **CSS**, featuring responsive layouts, modular components, and modern UI design

User-Side Web Application – Craftsmen Services Platform (ITI Final Project) Demo

- Developed a user-side web application using React and Tailwind CSS as an ITI final project, enabling users to find and explore skilled craftsmen through a responsive and user-friendly interface.

User-Side Mobile Application – Craftsmen Services Platform (ITI Final Project) Demo

- Built a mobile application using **React Native & NativeWind** that allows users to find and explore professional craftsmen with a user-friendly and responsive design.

Luxury E-Commerce Website Demo

- Developed a modern and responsive e-commerce website for showcasing **luxury watches and jewelry** using **HTML, CSS, and JavaScript**. The website features elegant design, smooth animations, and a user-friendly interface to provide a premium shopping experience.

Portfolio Website Demo

- Developed a responsive personal portfolio website using **Next.js, TypeScript, Tailwind CSS, and Framer Motion** to showcase projects with smooth animations and a modern UI.

Restaurant Mobile Application (Cross-Platform Mobile Course ITI) Demo

- Developed a cross-platform restaurant mobile application using React Native during a mobile cross-platform course, focusing on responsive UI and smooth user experience.
