

Marco Abdo

Front-End Developer (React.js) | Mobile Developer (React Native)

Cairo, Egypt | marcoabdo20@gmail.com | +20 128 056 1318
[Portfolio](#) | [LinkedIn](#) | [GitHub](#)

Summary

Front-End Developer specializing in React.js and Tailwind CSS for modern web applications, and React Native for cross-platform mobile development. Proficient in Firebase, REST APIs, Material-UI (MUI), Responsive Design, and AI-assisted development workflows (GitHub Copilot, Cursor, Claude). Passionate about building modern, high-performance, and intuitive user interfaces using cutting-edge technologies. A quick learner and collaborative team player committed to continuous growth. Seeking to build innovative solutions that enhance user experiences, while continuously evolving in an inspiring, growth-driven environment.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3
Frontend: React.js, Next.js, React Native, Tailwind CSS, Bootstrap, Material-UI (MUI)
Backend & APIs: Firebase (Firestore, Authentication), REST APIs, MySQL
Tools & Platforms: Git, GitHub, Vercel, VS Code, Figma
AI-Assisted Development: GitHub Copilot, Cursor, Claude, Jira, ChatGPT
Best Practices: Web Accessibility (WCAG), Performance Optimization, Cross-Browser Compatibility

Experience

- Front-End Developer (Part-Time)** — SwiftX

Aug 2026 – Present

 - Develop and maintain responsive front-end features for client web applications using React.js and Next.js
 - Collaborate remotely with the design and product team on a part-time basis to deliver pixel-perfect, production-ready interfaces
 - Apply Responsive Design and modern component-based architecture across delivered features
 - Leverage AI-assisted development tools (GitHub Copilot, Cursor, Claude) to accelerate development and improve code quality
- Front-End Developer** — Tech Mahindra

Jul 2026 – Present

 - Collaborate with cross-functional teams in a fast-paced environment
 - Contribute to delivering high-quality solutions while meeting project deadlines
- Front-End Developer** — ITI (Information Technology Institute)

Jul 2025 – Jan 2026

 - Developed responsive web applications using React.js, HTML5, CSS3, and JavaScript (ES6+)
 - Built cross-platform mobile applications using React Native
 - Applied Responsive Design and Mobile-First approach
- Front-End Development Trainee** — SB Technology

Jul 2024 – Dec 2024

 - Developed modern web interfaces using HTML5, CSS3, Tailwind CSS, and JavaScript
 - Built interactive user interfaces with React.js and Component-Based Architecture
 - Implemented Responsive Design for cross-browser compatibility
 - Collaborated on real-world projects using Git and GitHub
 - Improved problem-solving skills through hands-on assignments and team collaboration
- Software Instructor** — Digital Egypt Cubs Initiative "DECI" (Cairo, Sohag)

May 2024 – Present

 - Teach teenagers coding fundamentals using App Inventor/Blockly and introductory Python exercises
 - Deliver Firebase workshops focused on Authentication, Cloud Firestore, Realtime Database, and Hosting
 - Instruct HTML5, CSS3, JavaScript (ES6+), React.js, and TypeScript for building responsive web pages and web design principles
 - Collaborate with the DECI team to develop and adapt curriculum aligned with the Digital Egypt Cubs Initiative mission, empowering youth with essential digital and programming skills
- Cross-Platform Mobile Developer** — ITI (Information Technology Institute)

Jul 2023 – Aug 2023

 - Developed mobile applications using React Native for iOS and Android

- Built responsive user interfaces following Mobile-First Design principles
- Gained practical experience in Cross-Platform Development

Projects

Dentlora – Dental Care Platform

Aug 2026

- Converted a static landing page into a full Next.js (App Router) application with a modular, reusable React component architecture
- Built a bilingual (English/Arabic) internationalization system with dynamic RTL/LTR layout switching using React Context and a centralized translation dictionary
- Implemented custom React Hooks for interactive UI behavior, including scroll-triggered animations, tabbed navigation, and role-based content toggling
- Styled with Tailwind CSS and a custom design-token system, preserving pixel-perfect responsive layouts across all breakpoints
- [Live](#) [Code](#)

ElectroStore – E-Commerce Platform

Jul 2026

- Built full-stack e-commerce platform with React.js, Context API, and Responsive Design
- Integrated Firebase (Auth, Firestore, Storage) for real-time data, authentication, and file storage
- Developed Admin Dashboard for managing products, orders, users, and analytics with role-based access
- Implemented product catalog with filtering, sorting, search, shopping cart, and wishlist functionality
- [Live](#) [Code](#)

Doctor Appointment App – Full-Stack Healthcare Platform

Jun 2026

- Built responsive healthcare platform with React.js, Material-UI (MUI), and Tailwind CSS
- Integrated Firebase (Auth, Firestore) for real-time data and user authentication
- Developed role-based dashboards for patients and doctors with responsive design
- [Live](#) [Code](#)

Craftsmen Services Platform – ITI Final Project

Jan 2026

- Built responsive web app with React.js, Tailwind CSS
- Developed cross-platform mobile app with React Native and NativeWind
- [Live](#) [Code](#)

Luxury E-Commerce Website

Nov 2025

- Developed responsive e-commerce platform with HTML5, CSS3, JavaScript, and smooth animations
- [Code](#)

Portfolio Website

Sep 2025

- Built modern portfolio with Next.js, TypeScript, Tailwind CSS, and Framer Motion
- [Live](#) [Code](#)

Restaurant Mobile App – ITI Course

Aug 2025

- Developed cross-platform mobile app with React Native and responsive UI
- [Code](#)

Education

Bachelor's Degree in Information Technology — Egyptian E-Learning University

Sept 2020 – May 2024

- Relevant Coursework: Web Development, Mobile Development, Database Management, Software Engineering

Languages

Arabic: Native Speaker

English: Intermediate
